HER HUSBAND.

Wife Believing Him Dead, Married Another.

Now Court Is Asked to Annul the Second Marriage.

Canton, O., June 28.—(Spl.)—The case of Hattie Reffening against Edwin Charlton, came up for hearing Friday.

They live at Alliance, and the action is to annul a pretended marriage contract, that had been entered into innocently by the parties, but which was not a real marriage, owing to the fact that the wife had another husband living at the time the second marriage was consummated.

The plaintiff, who was formerly Mrs. Hattie Reffening, did not live with her first husband, who enlisted and went to the Philippines in 1899. She went to Alliance, where she met Charlton, and they were married. Previous to this she had heard that her first husband was dead, but he recovered and sent word that he was coming back home. Judge McCarty stated that he could not grant a divorce, but would take a decree annulling the pretended marriage contract, and show that there was no criminal intent.

ETERNITY

Has Closed Upon Ruthven.

He Died In the Electric Chair.

Columbus, O., June 28.—Declaring the innocence of himself and his wife with his last breath, Edwin Ruthven, murderer of Patrolman Shipp, died in the electric chair at 12:10 a. m. Friday. Preachers of his own color, and friends both black and white were with him the last evening of his life, and he was converted and baptized.

As friends in his cell sang "Nearer My God to Thee," Ruthven walked with a firm step to the death chamber. The condemned man spoke pleasantly to newspaper acquaintances and bade goodby to prison friends. As the straps were buckled and drawn the song in the adjoining chamber again rose and the most hardened frequenters of the death chamber felt the solemn spell.

"Goodby, friends," said Ruthven. An instant later, in answer to the conventional question, Ruthven said: "I want to say this, warden. I never killed Shipp. I leave it to the woman who convicted me to show my innocence. I never murdered anybody."

The black cap was then adjusted and from beneath it Ruthven added: "I want to say this much more, warden, about my wife: She is innocent. Goodby, all."

The hum of the electric current stopped the voice and mingled with the notes of the hymn. For seven seconds 1,750 volts leaped through Ruthven's frame and then for 56 seconds the current was kept at 250 volts. At 12:15 death was pronounced certain. The body was turned over to Capt. Walter Thomas. It will be buried here.

FRANCHISE.

Childs Wants One From Cuyahoga County.

May Go to Extremes to Get Into Cleveland.

Application has been made by Attorney Thomas L. Childs, of the Cleveland, Richland & Akron Railway Co., for a franchise to run a line through Cuyahoga county. Mr. Childs appeared before the Cuyahoga County Commissioners.

According to the terms of the franchise asked for the road will run through Brecksville and Independence and along the north and south State road.

Permission is asked to diverge from the State road by a private right of way and to cross all intersecting highways.

It is stated that more than half the signatures of the property owners along the route desired in Cuyahoga county have been secured.

The claim is also made that the company has completed arrangements for a short route inside Cleveland to the Public Square. Mr. Childs stated to the Commissioners that he already has a franchise through Summit county, and that if unusual opposition were encountered in getting into Cleveland his company would immediately adopt drastic measures. These are not other than plans to start condemnation proceedings against Cleveland Street Railway companies to force their way into the city, through the courts, it is claimed. Mr. Childs asserts that under the laws of Ohio every road is entitled to the use of one mile of track inside the city terminals for every eight miles constructed between the terminals. "We would go into such a case," said Mr. Childs, "well knowing that it might cost thousands of dollars to secure our point."

KNOW HOW.

Mulligan Had Been In the Gang Before.

Dan Mulligan, who escaped from Officer S. M. Taylor a year ago, knew too much to tarry long when he was sent out to the street gang Friday. Officer Taylor pursued him but he leaped a barb wire fence and laughed as the officer quit the chase. Frank Melton followed Mulligan's example in short order. The gang was at "work" on Spicer st.

AN EVIL

That Will be Stopped.

The County Will Not Employ Counsel

To Defend Those Who Have Means.

Judge Kohler Takes Stand on Question.

Exceptions to Referee's Report—Court House News.

On more than one occasion Prosecutor R. M. Wanamaker has raised objection to the number of attorneys who appeared for defendants who had represented that they were unable to employ counsel. It has frequently occurred that when the case was called there would the attorney appointed by the court to defend and one or two associates.

The Prosecutor has claimed that the defendant must have had funds to pay attorneys or he could not have employed the assistants to the counsel selected by the court. Friday Judge Kohler took steps to remedy this evil. In appointing Attorney W. R. Talbot to defend John Fisher, indicted for alleged burglary and larceny, he announced that the counsel was appointed on condition that no other attorney appear for the defendant. If it developed that Fisher has engaged some one else the order of the court will be revoked and the county will not pay any fees at all.

EXCEPTIONS TO REPORT.

Friday morning Judge Kohler heard the exceptions to the report of the referee in the divorce case of Ruhle B. Johnson vs. Frederick W. Johnson. The wife alleged extreme cruelty and it was recommended by Attorney H. L. Snyder, who heard the testimony that she be given a divorce and \$2,000 alimony. The defendant is the owner of a meat market in this city. His attorneys claim that the alimony is excessive and that he is unable to pay such a large amount. They ask that the court set the report aside. The case is one of the most disgusting ever heard in Common Pleas court. Judge Kohler has not passed on the exceptions.

PRISONERS SENTENCED.

Charles Morris, indicted Thursday morning for burglary and larceny, appeared in court in the afternoon and pleaded guilty to the charge. He asked that he be sentenced at once. He received the minimum, one year in the penitentiary. James Murdoch pleaded guilty to a charge of receiving stolen property. He was fined \$20 and costs and sentenced to the workhouse for 30 days.

PETITION IN ERROR.

The case of The Palatine Insurance Co. vs. L. S. Switzer et al., will be taken to Circuit court on error. A petition was filed by the defendants Friday.

DIVORCE CASE.

Mrs. Lucinda Neitz has filed a petition in Common Pleas court asking that she be granted a divorce from John Neitz. They were married April 14, 1890. She says that he spends all his money in dissipation. In addition to this she alleges extreme cruelty. She claims that he has threatened to kill her and that on one occasion he chased her from their home with a razor and poker. She escaped to a neighbor's residence. She asked the court to restrain him from molesting her. A temporary injunction was granted.

"My baby was terribly sick with the diarrhoea we were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Doak, of Williams, Ore. "I am happy to say it gave immediate relief and a complete cure." For sale by all druggists. E. Steinbacher & Co., wholesale agents.

What Is a Novelty?

Webster defines it as follows: "Of recent origin or introduction," of a kind not before seen. Known as heard of. Something unusual and new. The performance of the great Marcellinas at Summit lake park this week, is in the strictest and truest sense a sensational novelty. Novelty is the great parent of pleasure. "South."

On account of the large amount of rainfall this season the water served up by the Akron Water Works company is not up to the sample, and I wish to inform my patrons that the Model Bakery is right up and equal to the occasion.
